### MESSAGE OF CONDOLENCES – DR SAM NUJOMA

It is with great sincerity that the Landless People's Movement expresses their condolences on the passing of Dr. Sam Nujoma, the founding president of the republic of Namibia.

The Founding President played a role in the liberation of our country and therefore is part and parcel of the long list of heroes and heroines that fought for our freedom. He shall forever be in the history books among great names such as the likes of Toivo ya Toivo, Emil Apollus, Mishake Muyongo, Peter Nanyemba and Hendrik Witbooi.

We wish strength during these difficult time, to his family, South West Africa People's Organization and the Namibian people in general.

Yours Sincerely

Lifalaza Simataa

**National Spokesperson**
